

Top Five Reasons Businesses Use Community Home Connection

1. Personal attention. We are your sales force, personally delivering a message directly to local residents. Your gift and coupon invite potential customers to visit you. Our efforts result in a positive impact on your business—and your profits!

2. Targeted audience. We reach hundreds of targeted people each month. Each of our recipients has experienced a life-changing circumstance and can use your help!

3. Increased Value. Because of our personal touch, our services are more effective than other forms of advertising. Our prospects are eager to see us and to use the coupons and products that you provide.

4. Permanent visibility. We give consumers three permanent reminders of your business: a laminated business directory, a business card holder and your ad specialty item. In our top categories we will also provide a link from our website to yours!

5. Guaranteed follow-up. If that's not enough, we'll tell you exactly whom we visited! A complete list of names, phone numbers and demographics will be sent to you each month so you can contact potential customers and put them on your mailing list for future promotions!

Looking for a cost-effective, time-efficient alternative to traditional advertising?

Community Home Connection offers a unique way for your business to reach out to new customers. We personally visit residents in their homes and present multiple opportunities for them to learn more about your business.

Who We Are

Community Home Connection helps connect civic organizations, businesses, and professionals to targeted consumers in the community.

Community Ambassadors

Community Home Connection is proud to represent the community we live and work in. We provide households with valuable information by acknowledging local civic organizations, businesses, local parks, museums, festivals, and other points of interest. As community ambassadors, we are happy to point out what makes your business or organization special—and why local residents should learn more about you!

Merchant Advocates

Every household we visit receives a complimentary gift bag full of information about the community along with a variety of gifts and gift certificates from local businesses. Community Home Connection

makes it easy for you to invite community members to take advantage of your products or services.

What We Do

By visiting individuals in their homes, we are able to effectively pinpoint special places in town, recommend great places to eat, and leave behind gifts from local merchants who want to say “welcome!” to community residents.

Represent Your Business

Community Home Connection offers a unique, personal touch that is unmatched by many businesses in today’s busy world. Our trained representatives target new customers for you, including:

- New neighbors looking for reputable companies to do business within the community.
- Newly married or engaged couples looking for products/equipment to furnish their home or services to help maintain it.
- Anyone preparing to celebrate special occasions—birthdays, anniversaries, retirement, etc.—who is interested in working with your business to enhance their special day.

Provide Referrals

When new to a community or when experiencing life-changing circumstances, families and individuals don’t always know where to turn for help. The best way to locate quality businesses and service professionals is through referrals. Our personal referral will help your business connect with those in need of your services.

How to Be Involved

Our members include local merchants, professionals, civic organizations, and local businesses. Don’t be left out—join the Community Home Connection network today!
