

Dear *Class of 2006* Senior:

Your final year of high school is almost here! Have you scheduled a photo session for your senior portraits yet?

Even if you're not the type to plan ahead (remember the biology final exam you put off studying for last year?), now is the time to make an exception. Why? Because you'll be busy this summer—working a job, taking the annual family vacation, hanging out with your friends—and you won't think twice about scheduling this important appointment. Then school will start up again and you'll be overloaded with class assignments and college applications, and before you know it, graduation day will be here!

**Your senior portrait is a reflection of
your image, your attitude, and your dreams.**

Over the last few years you've developed fresh interests, made new friends, and sampled life for the first time as an adult. All of these experiences have helped you become the person you are today. **Now** is the last time—the *only* time—to capture this exciting segment of your life before continuing to the next phase: attending college, working a full-time job, joining a service organization, or whatever you choose to do next. Moving on can be scary, but with a quality portrait, time can stand still just a little bit longer.

“Just another portrait?” No way!

Unlike other studios in Central Illinois, we'll give your portrait an edge that truly reflects your personality. If you're looking for something unique—something to make a statement about your individuality—you'll love the techniques we use to create a portrait that encompasses everything that makes you—well—you.

For example...are you into folk songs, feng shui, and fast cars? We can take a wide variety of

interests (no matter how diverse), pull everything together, and showcase your favorite things in a single image. If you'd rather focus on one theme, no problem—we can handle that, too. We know just how to incorporate special blends, textures, colors, and graphics to create a unique portrait you'll love. And we'll make the photo process comfortable, simple, and fun (even if you hate having your picture taken). Check out our website (www.windportraits.com) to view some of our work!

Save 50% off session fees...

...and take advantage of last year's prices when you make an appointment before May 27. If you schedule your sitting before June 17, you can get one FREE segment with each paid segment.

Appointments are going fast. Reserve your time **today**...call us at **309.828.7766!**

We look forward to working with you to provide a portrait you'll be proud of for years to come. Call today to discuss your preferences...and best wishes for a fantastic senior year!

Sincerely,

Wayne Winders
