# Helping Heroes Program™

YOUR CLUB can help save lives & property...

- When seconds count.
- When minutes matter.
- When moments are all heroes have.

Go to: [www.KiwanisHelpingHeroesProgram.com](http://www.KiwanisHelpingHeroesProgram.com)

This could be **YOUR CLUB**  
presenting the  
**Stat-X® First Responder Kit!**

The Pike Creek Volunteer Fire Department receives the Stat-X® First Responder Kit from the South Miami County Kiwanis Club.

# Your Kiwanis Club can help local heroes today.

Maybe you know a firefighter—  
a family member, friend or neighbor...

Or maybe you've witnessed smoke and flames destroy property. Even if you haven't experienced a fire firsthand, you know how devastating they can be. Firefighters put their lives on the line everyday for your community. **Isn't it time to give back?**

Here's your chance. The Stat-X® First Responder is a new innovation in fire suppression technology. It's a one-of-a-kind product, and an important addition to a fire department's arsenal of tools. The Stat-X® First Responder quickly suppresses fires, allowing firefighters to safely enter the "hot zone" and rescue occupants when conventional tools and resources are not yet available.

**So how can Kiwanis Clubs help save lives?**

## Join the Helping Heroes Program in just **3** easy steps...

"I had a fire on the first floor of a garden apartment which was venting out of the windows and auto-exposing to the second floor. I was first on the scene and my first due engine was about two minutes out. I deployed a Stat-X® First Responder into the first floor window. The device went off and kept the fire in check until I could stretch my first line and effect the interior attack. Each chief's vehicle was issued a Stat-X® First Responder Kit at the beginning of last year. I was the first to use it and was impressed with the results."

Battalion Chief - Mike Pressler  
Elmwood Park Fire Dept.  
Elmwood Park, New Jersey

# 1

Go to the Helping Heroes Program™ website at [www.KiwanisHelpingHeroesProgram.com](http://www.KiwanisHelpingHeroesProgram.com) or call 309-807-1555

Register to provide Stat-X® First Responder kits to your local fire department and obtain promotional tools to announce your involvement in the program. Sharing this information with local media outlets will help recognize your contribution and promote your Club.

# 2

Raise funds to purchase the Stat-X® First Responder Kits

Organize activities and hold fundraisers to do what Kiwanis Clubs do best—support important causes. Remember, your donation can help save lives and property.

# 3

Present the Stat-X® First Responder Kits to your community's local fire department.

Give the gift of safety to your community with these innovative and effective kits today! Invite local newspaper and television reporters to the presentation to gain recognition for your Club.

"...with the deployment of the Stat-X® First Responders, our department discovered the value of your product. Following the incident, the insurance company also committed to the use of the product and discovered that fire-spread within the device use was curtailed dramatically. I am thoroughly pleased with the results of your product and our department will be using the devices as another tool in aiding our firefighting efforts."

Chief - Joseph Speranza  
Hawthorne Fire Dept.  
Hawthorne, New Jersey

## GROW Your Club!

Clubs that have donated Stat-X® First Responder Kits have gained new members just by announcing their contribution to the media!
